

“Shifting Gears,” the Registry of Motor Vehicles’ free, hour-long presentation on elder driving safety, includes information on the warning signs of unsafe driving, provides safety tips for drivers, makes suggestions for families dealing with unsafe drivers, and details how to obtain a disabled plate or placard. We ask that your organization provide a minimum of 20 people in attendance. If you are unable to do this, you may want to coordinate with another town. If you are interested, please complete this form and fax or mail it with a copy of directions to:
